FEAR LESS
ACHIEVE MORE

Awarded as a Microsoft® Most Valuable Professional – Microsoft Azure

MEET THE MVP

By day, Jesse is a Principal Consultant (Cloud & DevOps) at LAB³

Behind his sunglasses, he's actively advocating for Azure Policy-As-Code workflows that power repeatable, auditable, and scalable deployments.

"

My personal mission statement is to democratise Azure Policy-as-Code via various media channels and mediums. Why? Because showing Azure Policy-as-Code the love it needs keeps me engaged in the community and connected to my peers. I dream of empowering every DevOps advocate out there to do more with code."

MVP

Microsoft®
Most Valuable
Professional

The Microsoft MVP Award is an annual award that recognizes exceptional technology community leaders worldwide who actively share their high quality, real world expertise with users and Microsoft.

"As a recipient of this year's Microsoft MVP award, Jesse joins an exceptional group of individuals from around the world who have demonstrated a willingness to reach out, share their technical expertise with others and help individuals maximize their use of technology."

The Microsoft Most Valuable Professional (MVP) Award Team, Microsoft Corporation

"

Since joining LAB³ in 2021 I've had incredible exposure to a culture of innovation and really identified with the 'fear less achieve more' motto."

"This inspired me to ramp up my community involvement across not just blog posts but also open-source code repos and meetup talks."
